Greetings!

Six Weeks Until the David Love Vintage Races

Can You Get It Together in Time?

Time becomes more precious as every year goes by. The start of a new season provides us with another opportunity to enjoy our passion.

With the David Love Vintage Races just around the corner, may these words from Christopher Logue inspire you:

***Come to the edge.
We might fall.
Come to the edge.
It's too high!
COME TO THE EDGE!
And they came,
And he pushed,
And they flew***

If you are ready to fly, join your friends at the David Love Vintage Races, April 6-8.

Attention Production Car Owners--A, B & C Sub-Groups Go Into Effect in 2018

Unless you request otherwise, the default class group for Production Cars (i.e. Race Groups 1, 2, 3 & some cars in 8) will be 'C'---that being cars conforming to the 1972 rules set.

However, if you feel your car qualifies under an earlier (1962 or 1967) rules set , you may have your car reviewed by the appropriate individual listed in the table below.

The A, B & C Classes are:

- 'A'=prepped to 1962 rules
- 'B'=prepped to 1967 rules
- 'C'=prepped to 1972 & newer)

Important: All three "classes, will be timed and scored in a way that will show their overall position & their position within the class.

If interested, please contact the appropriate person below:

that Hagerty started with boats a long time ago?) with Hagerty.

Race Shop Space Available in Albany

Shop mate wanted. I have 2000 sq/ft shop in Albany that I would like to share with a fellow racer.

Noise is not a problem, freeways and RR tracks on both sides. I have

been servicing sports & race cars for a long time so there is a two post lift, air compressor, bead blaster, press, drill press, benches etc.

The landlord has recently raise the rent because growers are willing to pay more. I have a one year extension on my lease. Current rent is \$2400, insurance \$200 and utilities at \$100. If interested, please contact Henk Boverhuis at h.boverhuis@gmail.com , or at 510.541.0883

Masters F1 at the 2018 Charity Challenge

Masters F1 will be returning to the Charity Challenge for 2018 having last raced here in 2015.

Catering to 3-liter engined Formula 1 cars from 1966 through to 1985, Masters USA takes us back to an era in which Cosworth DFV power and a creative car designer could win races, long before wind tunnels and energy drinks were created!

Masters USA brings together famous constructor names such as Ferrari, Williams, McLaren and Lotus as well as the likes of Shadow, Tyrrell and Amon who all played a part in the history of Formula One.
