To All Charity Challenge Entrants

Paddock Space at the Charity Challenge

We don't want to go the route of some other events & have assigned paddock

parking, but that will depend upon how this year's CC turns out. Here is what we ask of you:

- If your trailer is not used for service, park it in Lot 2, above the paddock.
- Each entrant will receive one paddock parking pass for one personal vehicle or tow vehicle
- Vehicles without Parking Passes will be towed & dumped in the Bay. You can retrieve your cars from Charlie the Tuna.
- This is a spectator event. As such, please don't cordon off your paddock area so that spectators have little or no view of your race car.
- The tentative time for the paddock load-in will be at 3PM on Thursday, Oct. 4.

We will have parking attendants to monitor the above. Please respect their requests.

2019 John Morton Cup Series for Under 2.5 Litre Sedans, 2 Litre FIA (early) Trans-Am & B Sedans

Do you have an Under 2.5 or FIA 2 litre Trans-Am eligible car? Then we have a series for you. Plans are being made to run a four to five race series on West Coast tracks in 2019 with the first event being held at the David Love Vintage Car Races at Sonoma Raceway on April 12-14.

Details of the series with regard to class assignments, tires, Tech, etc., are being finalized & we will send out updates on a monthly basis. For now the point is to get the word out with the aim of giving potential entrants time to set their 2019 schedules.

Our aim is to have a first rate series that reflects the full spectrum of cars that ran back in the day. That means, in addition to the Datsuns, Alfas & BMWs there are Volvos, Minis, Toyotas, Saabs, Triumphs (do you hear me Vitesse owners?) & more. Jon Norman (jrnicsrg@alfapartscatalog.com) will be your main contact after the guidelines are made available later this month.

Racer Extrodinaire Bull Detroit Gives the Season Finale a Big Thumbs Up.

**CSRG 51st Season Finale & Awards Dinner
The Most Fun Event of the Year**

The Season Finale always springs surprises---unusual cars, races & people. Frankly the Awards Dinner is reason enough to enter. The threat of weekend rain last year never materialized (micro-climates being what they are) & it was an absolutely beautiful, late summer weekend.

As usual there is an optional practice on Friday afternoon & lots of track time come Saturday & Sunday. The fact is, most people are ready to have a winter's rest after so much track time.

As part of your entry, there is a Saturday night awards dinner that should not be missed. The food is always very good, the wine flows & the racing talk is endless---"for in wine, there is truth"...maybe...

Mechanical Picnics will be run on Saturday & Sunday to give members a chance to try out each others cars, or give rides to family & friends.

Racing, wine, food & camaraderie ... what more could you want?

New Zealand Formula Fords Series in 2019

There is a strong historic Formula Ford scene in New Zealand that caters for cars manufactured before 31 December 1988, but where the majority of grids are dominated by cars built during the 70s.

A celebration of half a century of Formula Ford in New Zealand is being held in early 2019 with races proposed on three different

North Island circuits over the last three weekends in January.

I have seen the way the Kiwis race & it's an incredibly exciting show. Details are forthcoming, but I know that the last time we had CSRG members going over there, the cars were crated here & delivered directly to the track for less than it costs to ship a car across the U.S. Point is, it was a great deal & a great experience.

Interested parties should contact Michael Clark at: clarkx@xtra.co.nz

Attention Production Car Owners--A, B & C Sub-Groups Go Into Effect in 2018

Unless you request otherwise, the default class group for Production Cars (i.e. Race Groups 1, 2, 3 & some cars in 8) will be 'C'---that being cars conforming to the 1972 rules set.

However, if you feel your car qualifies under an earlier (1962 or 1967) rules set , you may have your car reviewed by the appropriate individual listed in the table below.

The A, B & C Classes are:

- 'A'=prepped to 1962 rules
- 'B'=prepped to 1967 rules
- 'C'=prepped to 1972 & newer)

Important: All three "classes, will be timed and scored in a way that will show their overall position & their position within the class.

If interested, please contact the appropriate person below:
