Please note: On-line membership applications & entries are used by the vast majority of our membership, but there are still a few, very few, holdouts who insist on paper entries. We ask that those few please convert to the on-line process. If you need help setting it up, please email either [lockedeb@comcast.net](mailto:lockedeb@comcast.net) or [race.director@csrgweb.org](mailto:race.director@csrgweb.org).

**CSRG Annual Membership Meeting & Dinner**

**What a superb affair at an equally superb locale, Fantasy Junction, courtesy of Spencer & Bruce Trenery.**

**The dinner was sold out as usual & we missed a lot of you, so please make plans to join us next year.**

**Carter Alexander Award for Mentoring, Recipient Petey Thornton**

**Carl Moore Award for Outstanding Support of CSG Recipient, Dave Olson**

**Special Recognition: Carl Moore**

**One of the biggest supporters of CSG, Carl Moore, claims he is hanging up his helmet, but we hope it's only temporary. He started in 1960 with a Lotus Seven. Over those 60 years he has raced Birdcage Maseratis, F1 cars, Formula Atlantic, Can-Am, Formula Juniors, etc., etc. Always quick & clean. Quite a resumé....**

**The 2020 CSRG Board:**

**President: Locke de Bretteville**

**Vice-President: Jon Norman**

**Treasurer: Steve Torp**

**Secretary: Ethan Shippert**

**Scott Brown**

**Interested in Forming a Special Group?**

**A number of people have asked if a Special Group pertinent to their car brand/class such as the Crossflow Cup, USRRC, etc., can be formed. The answer is yes, it can be done, but someone from the group has to step up & be the organizer.**

CSRG will assist in promoting the group, contacting interested parties, arranging a dedicated paddock area, etc., but the heavy lifting has to be done by the group's organizer(s).

## F1 Grand Prix Drivers Club: Into the Gauld Mine

I try to resist recommending web sites, since there are pitfalls to recommending anything like that, be it movies, books or whatever, but the F1 Grand Prix Drivers site ([www.f1grandprixdriversclub.com/](http://www.f1grandprixdriversclub.com/)) is an exception.

Author Graham Gauld (Jim Clark: Racing Hero; Modena Racing Memories; Toj--as in John Tojeiro & many others), one of a handful of writers whose books you just buy without second guessing, does an excellent job, particularly with the appropriately named *Into the Gauld Mine*. The stories/anecdotes are superb. I highly recommend you give it a try.

## Helmets for 2020

Photo: Nat Lockwood

There will be a new helmet standard in 2020--SA2020. Helmets to the new standard will be available late in the year.

CSRG will accept SA2010 helmets (& obviously SA2015) through 2020 & probably 2021, depending upon 1) product availabilty & 2) what other

clubs (particularly the SCCA) decide to accept.

There are significant improvements in the new designs and, since it is your brain we're talking about, maybe upgrading is a good idea.

---

## Mentoring

Please be aware that you may be asked to help mentor a new CSRG member. If you are, we ask that you please take the task seriously & make a concerted effort to help the individual get acclimated to the club & its events. It can be a little daunting for newcomers, so any help or guidance you can provide will be beneficial.

Thank you in advance!

The following is a brief list of some of the infractions that have occurred over the last few seasons. We respectfully ask that you please read them & take them to heart.

### Driver Conduct

#### (A compilation of the most common infractions)

- If for any reason you are late to the grid or fail to leave the grid with the pack, you may not regain your starting position. You will start from the back.
- If the pace car lights are flashing, you must follow under all circumstances. (e.g., bringing group through pit lane, controlling group for multiple laps, etc.)
- When behind the pace car, keep pace with the cars around you to avoid holding up the group.
- Tire scrubbing is not allowed when cars are side-by-side.
- Check your gauges twice a lap. Help prevent lost fluids and lost track-time.
- The safest way to pass is with a point-by. Give a point-by as often as you can. (Passing is detailed on Page 1 of the CSRG Driver Handbook)
- If you see a RED flag, immediately slow and check your mirrors. Come to a complete stop as soon as you can do so safely, and

within sight of a flag stand. Stopped on a red flag you may turn off your engine, but do not remove your seatbelts, helmet, or any other safety gear. Await flagger signal to continue.

- If you see a BLUE & YELLOW flag, check your mirrors and be aware that you are about to be passed. You do not need to lift or move over, just be aware that there is a faster car approaching.
- If you deviate (spin, four wheels off, pass under yellow, contact) or if you see a standing black flag (sometimes accompanied by a finger point or a number board) you must report to the Black Flag station immediately.
- Do not cross the track unless you have clear direction by a course marshal to do so. For example, at Sonoma if you spin exiting T11 and end up in the middle, you may not cross into the pit lane until directed to do so.
- Altercations both verbal and physical should be avoided at all costs. Report any altercations to the Race Director or a CSRG Board Member immediately. Do not try to resolve the situation yourself.

If you have not read the CSRG Driver Handbook please do so. If you have, please consider re-reading it to refresh your memory. It contains valuable information about exactly what CSRG expects of its drivers, and how to be a welcome participant at any track event.

## 50 Series Tires

We have noticed some cars in G2 & G3 running 50 series tires which are not allowed under CSRG rules. There are some exceptions (G8 cars moved to G2 or G3, for example), but the vast majority of the cars are not allowed to run 50 series tires.

**Point is: Please check the rules before buying tires**

Click here to go to the HMP site: [HMP](#)

## Production Car Sub-Groups

Unless you request otherwise, the default class group for Production Cars (i.e. Race Groups 1, 2, 3 & some cars in 8) will be 'C'---that being cars conforming to the 1972 rules set.

However, if you feel your car qualifies under an earlier (1962 or 1967) rules set, you may have your car reviewed by the appropriate individual listed in the table below.

The A, B & C Classes are:

- 'A'=prepped to 1962 rules
- 'B'=prepped to 1967 rules
- 'C'=prepped to 1972 & newer)

**Important: All three "classes, will be timed and scored in a way that will show their overall position & their position within the class.**
